## ABOUT THE COMPANY

Children In Motion is a pediatric occupational therapy practice located in the suburbs of Atlanta. Their approach to therapy is one that focuses on building highly individualized treatment plans that are tailored to each individual client's needs.

Their work revolves around a) helping children develop the skills they need to be successful in their everyday lives, and b) helping parents understand their child's behavior so that they can best support them on their unique road to success.

Using their extensive training & experience with sensory integration, Children In Motion helps children who are struggling with handwriting, self regulation, sensory processing, motor development, visual perception, social & play skills, and more.

In addition to providing traditional therapy services in the clinic, Children In Motion also works with multiple schools in the Atlanta area to support teachers and school staff to maximize the learning environment and meet individual student's needs.

Children In Motion was founded in 2001 by Michaelene S. Kearney, and continues to be a family focused business to this day.
