## Pediatric Therapy Clinic – now hiring an Occupational Therapist !!

Speech Therapy of Forsyth is accepting applications for a dynamic, organized, collaborative, and energetic OT who enjoys working with children to join our premier team. We provide high quality services working closely with our families thru parent-coaching and education. Our therapists are fully supported by a team of experienced clinicians. Providers and staff attend weekly lunch and learn meetings for added collaboration, education, enrichment, and team building.

### Job Information:

- Pediatric Occupational Therapist: Part-Time schedule or Full-Time
- Flexible Schedule options
- Private Clinic located in the Alpharetta/Forsyth area
- 1+ years experience preferred, but not required
- Special interest in Sensory processing and Autism
- Pay: \$60 per hour

**Must have:** passion and talent for teaching children, communication skills for building relationships with parents, training to provide the highest quality care, vision for helping create a premier environment for children and their parents.

### ***About Speech Therapy of Forsyth:***

We are a pediatric therapy clinic providing Speech and OT services since 2005. We service a large population of children with ASD and work closely with our families thru parent-coaching and education. We have extensive experience with AAC and social language in addition to apraxia, oral motor, stuttering and early intervention. We value the collaborative relationship between Speech and Occupational Therapist.

This year we are expanding by doubling our space and adding a room dedicated to ADL. We currently utilize play, cooking and art activities within many of our therapy sessions to facilitate communication, social language and self-care skills; the ADL room will allow added opportunities for OT and Speech clinicians as we incorporate life activities into therapy!
