

Job Announcement: OT for Nursing Home in Western Arizona with starting salary of \$104K annually!

We have a job opening for Occupational Therapists (OT) in our lovely Yuma, Arizona nursing home. Our building was built in 2020 and overlooks the valley with incredible views. We have 41 beds and all very spacious private rooms. The building is beautiful, and we have lots of fun!

Starting salary for is \$50/hour or \$104K/year!

Looking for a highly proficient OT who is comfortable working independently.

We offer:

- Relocation
- Medbridge for CEUs each year
- CEU reimbursement
- Healthcare Insurance

Our facility is a nursing home, but we do NOT have long-term residents. We are the short-term side of a nursing home.

We only take Medicare and private insurance so we get paid better, which translates into our staffing ratios being better; and we can see patients for more treatment minutes than other nursing homes that take Medicaid.
