

Full-Time and Part-Time Pediatric Occupational Therapists in the Atlanta area

Our clinic provides high-quality pediatric therapy services, and this role includes:

- Working with children across a variety of developmental ages and diagnoses
- Conducting evaluations, developing treatment plans, and delivering individualized interventions
- Collaborating closely with families, caregivers, and interdisciplinary team members
- Access to mentorship, ongoing training, and professional development
- A supportive, child-centered environment suitable for both new and experienced clinicians

We welcome **new graduates** and offer structured support to help transition confidently into clinical practice.
