

Find Your Place at McKenna Farms!

For more than 25 years, **McKenna Farms Therapy Services** has been a leader in innovative pediatric therapy. Our team provides high-quality **physical, occupational, and speech therapy** in one convenient, family-centered location designed specifically for children and young adults with developmental disabilities.

Situated on a beautiful 36-acre farm, our facility offers diverse and engaging treatment environments that inspire creativity, learning, and progress. Therapists have the opportunity to work in both traditional clinical spaces and unique natural settings that enhance the therapeutic experience.

- On-site **outpatient clinic** and **private therapy rooms**.
- Fully equipped **gross-motor gym**.
- **Outdoor space** including an **interactive sensory trail**, **outdoor therapeutic recreational playground**, **dog park**, and **walking trail**.
- **Hippotherapy available** featuring a barn that houses 16 resident therapy horses. Therapists are encouraged, but not required, to incorporate equine-assisted therapy into their treatment plans.
